Baby Bug!

Cut out exactly on edge of outside lines. Pattern goes on 0.75 mm EPS foam, folded in half. More at sciencetoymaker.org

This edge lines up with the fold.

These witness lines extend out so you can see where to place straightedge.

Cut out pattern on this dotted line

walkalong glider pattern

Back elevon fold

These witness lines extend out so you can see where to place straightedge.

Baby Bug!

Instructions at sciencetoymaker.org

Front center fold

Back elevon fold

These witness lines extend out so you can see where to place straightedge.

Scale Check

Aluminum Foil Pattern for front weight. Use the cheap stuff, not "heavy duty".

2 cm x 4 cm (3/4" x 1 9/16")

Then folded/flattened into a wire.
